

HOW Q & A HELPS YOU ACE YOUR EXAMS?

COMPREHENSIVE LECTURES

Each lesson is precisely created with the student in mind. Our students succeed because they start each topic strong.

GROUP TUTORIALS

Our tutorials are made up of no more than 5 students. It is a closely monitored learning environment where students collaborate to come up with answers to the most challenging problems.

SELF STUDY CLASSES

At Q & A, we understand academic success is only realised through a student's own efforts. This class is designed to provide the perfect learning environment for the student.

MENTORING, COACHING & COUNSELLING

Our students develop many life-long skills that set them apart beyond high school.

OUR VISION

Our vision is to forge strong, positive connection with students so they can build self-esteem, achieve independence and gain academic knowledge. We provide students with a variety of opportunities to learn, grow and thrive. Q&A Education creates a trusting, caring environment in which diversity is honoured and respected. Positive relationships are a core of Q&A's success. We aim to create a culture that respects people and their values. We accept differences on varied levels.

"At Q&A, our aim is to prepare students to cultivate the learning skills essential for success in life.."

THE SUCCESS FORMULA

COMPREHENSIVE LECTURES

Our comprehensive lectures take students from an introduction and to mastery of every syllabus focused concept. With maximum class size of 5 students, each student is the focus of every lecture.

GROUP TUTORIALS

Our tutorials are specialised in developing a students ability to effectively answer exam style questions. This is what guarantees success for Q&A students.

UNLIMITED 1-ON-1 TUTORING

ANYTIME MONDAY - SATURDAY

Need further help? Got assignments or exams to prepare for? Our tutors come from a +99 ATAR background and are determined to help you ace.
